About Trinity Management Consultants (TMC)

Trinity Management Consultants is a leading IT firm with over 20 years of experience in the field of business analytics and system development. We are proud to be a 100% black-owned company, demonstrating our commitment to diversity and inclusion in the tech industry.

“

South Africa has all the tools to compete in the new global village – an eager workforce, ready to take on any challenge.

-Tom Peters

”

Revolutionizing IT Solutions in South Africa

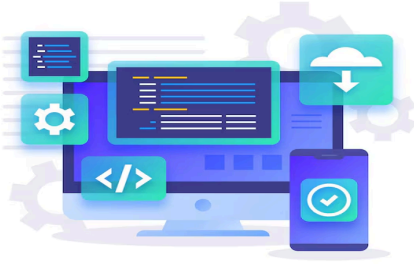

Welcome to the future of IT solutions. Our company is at the forefront of innovation, delivering cutting-edge SAAS solutions designed to transform the way businesses operate. We specialize in custom system development for the education and training sector, we offer supply chain management, asset management, and project and programme management, providing you with the tools you need to succeed in a rapidly evolving digital landscape.

Our Vision

At our core, we believe in pushing the boundaries of what's possible. Our mission is to empower businesses with state-of-the-art technology that drives efficiency, enhances productivity, and fosters growth. We are committed to delivering solutions that are not only powerful but also intuitive and user-friendly.

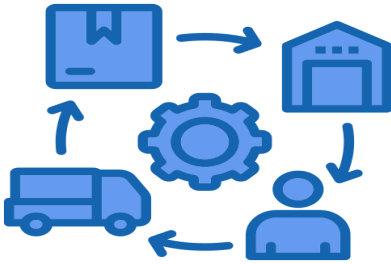

Our Solutions

Electronic SETA System

Our custom Electronic SETA System is a revolutionary solution designed to meet the unique needs of each Sector Education and Training Authorities (SETA). This flexible and adaptable system is built to provide accurate decision support management capabilities, ensuring that your organization can make informed decisions based on reliable data outputs.

Supply Chain Management

Streamline your supply chain operations with our advanced SAAS platform. Gain real-time visibility, optimize inventory levels, and improve supplier collaboration. Our solution is designed to reduce costs and enhance operational efficiency.

Asset Management

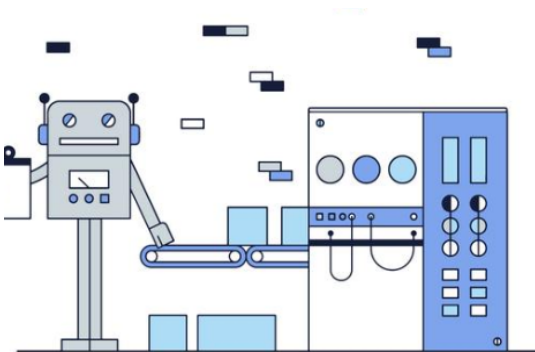

Take control of your assets with our comprehensive asset management solution. Track and manage your assets throughout their lifecycle, from acquisition to disposal. Our platform provides detailed insights and analytics to help you make informed decisions.

Project and Programme Management

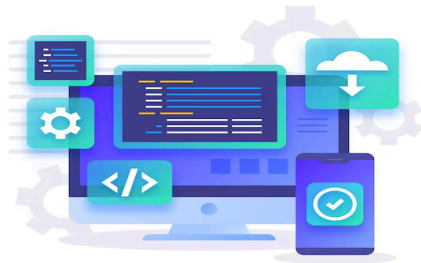

Manage your projects and programmes with ease using our robust SAAS solution. Plan, execute, and monitor your projects in real-time. Our platform offers powerful tools for resource allocation, risk management, and performance tracking.

Process Automation

Leverage the power of RPA platforms to digitise, streamline, reduce errors, increase efficiency and productivity of your workforce.

System Modernisation

Strategically upgrade your legacy systems, processes and infrastructure to leverage modern technology and tools.
